PROFILE

Creative and detail-oriented Graphic Designer specializing in branding, social media design, and UI/UX. Passionate about delivering clean, modern, and user-focused visual solutions for local and international clients.

PROJECTS

Social Media & Graphic Designs

Designed engaging posters, logos, invitations, and digital marketing materials for academic and freelance projects, improving visual communication and brand appeal.

UI/UX Design Projects

Created user-friendly mobile and web interface prototypes using Figma, focusing on usability, structure, and clean visual hierarchy.

Food Order Website (PHP & MySQL)

Developed a dynamic food ordering web application with database integration, responsive layout, and functional order management system.
